## Fact Sheet

### Orthobreak Laundry Breakwash Powder

#### DESCRIPTION

**Orthobreak** is a high alkaline breakwash powder formulated to accommodate most wash classifications encountered in commercial, hospital and institutional laundries. It breaks down heavy soils and prevents soil redeposition.

**Orthobreak** is effective whether used alone in the breakwash or as an alkali builder in conjunction with detergents in the main wash operation.

**Orthobreak** is suitable for use in reclaim operation where high alkalinity is required.

#### FEATURES AND BENEFITS

- **Performs in any water condition**  
Works in hard or soft water.
- **Suitable for use in cold water**  
Assists with blood removal.
- **Non-corrosive**  
Does not corrode metals used in washing machine construction.
- **Low foaming**  
Improved rinsability.
- **Colour coded labelling**  
Ensures easy product identification and simplifies training.
