## Fact Sheet

### Flash Dry Concentrated Rinse Additive

2

#### DESCRIPTION

**Flash Dry** is a premium quality rinse additive which reduces drying time and eliminates spotting. It is effective on china, glass, metal and plastic. **Flash Dry** works synergistically with all warewashing detergents and is unaffected by water hardness.

#### FEATURES AND BENEFITS

- **Concentrated formula**  
Reduces changeovers, minimises storage, improves economy.
- **Fast, effective drying action**  
Allows wares to be processed in a fast, assured manner improving the efficiency of the kitchen.
- **Compact and lightweight 5L and 15L pack sizes**  
Easy to store and handle, ideal for small kitchens. The encapsulated 5L packaging simplifies connection to the warewashing dispenser.
- **Colour coded labelling**  
Ensures easy product identification and simplifies training.

#### DIRECTIONS FOR USE

##### 5L ENCAPSULATED BOTTLE

Place the **Flash Dry** bottle into position and insert the connector through the cap to enable dispensing. Press the PRIME button on the dispenser and hold until the rinse aid line is full. Replace the container when empty.

##### 15L ENCAPSULATED BOTTLE

Remove the lid of the drum. Carefully place the drawtube inside the drum and slide the drum under the bench. Press the PRIME button on the dispenser and hold until the rinse aid line is full. Replace the drum when empty.

For further information contact your Cleantec Representative.

#### PACKAGING

2x5L P/C 7692205

15L P/C 16728

#### APPEARANCE

**Flash Dry** is a burgundy coloured liquid that is practically odourless.

#### SAFETY INFORMATION

Carefully read the Material Safety Data Sheet (MSDS) before using this product. For your convenience, MSDS's may be accessed via our web site at [www.cleantec.com.au](http://www.cleantec.com.au).
