Fact Sheet

Ultimate Auto Warewash Superconcentrate

DESCRIPTION

Ultimate is a super concentrated warewashing powder designed to give the ultimate in economy and results.

It cleans and de-stains in one action leaving wares sparkling clean. **Ultimate** may be used in single tank or conveyor based washers for both hard and soft water conditions.

FEATURES AND BENEFITS

- **Super concentrated formula**
Minimises staff handling, reduces storage requirements and dramatically improves economy. **Ultimate** may even be used in high water hardness conditions with outstanding results.
- **Higher de-staining power**
Effectively removes soils and stains and reduces scale build up.
- **Breakthrough screen design technology**
Its recessed screen design improves dispensing, minimising caking/clogging.
- **Compact, safe and easy to use**
The 4kg canister is light and easy to handle. There are no complex connectors or messy drawtubes. The canister and outer carton are both DG approved.
- **Colour coded labelling**
Ensures easy product identification and simplifies training.

DIRECTIONS FOR USE

Use Appropriate Ppe (Pvc/rubber Gloves, safety goggles/glasses) when handling product. When the dispenser alarm sounds continuously, the canister of **Ultimate** is empty. Remove empty canister from dispensing bowl. Place full canister beside it. Unscrew cap from the full canister, place cap on empty canister and dispose of empty canister appropriately. Invert the full canister into the dispensing bowl with screen facing down. **Ultimate** will now dispense automatically without alarming.

For further information contact your Cleantec Representative.

PACKAGING

3x4kg P/C 7316304

APPEARANCE

Ultimate is a white powder with a slight chlorine odour.
