WOOLSAN

SHEEPSKIN AND WOOLWASH DETERGENT

DESCRIPTION

Woolsan is a premium quality detergent with bacteriostatic properties that removes soiling and oil based stains from sheepskins and wool. It was formulated using tanning technology to safely wash the wool fibre and skin. It contains a blend of conditioning agents that lubricate the sheepskin to give a distinct lustre and handle to the wool fibre.

FEATURES AND BENEFITS

- **Concentrated formula**
Provides excellent economy and leads to fewer drum changeovers.
- **Contains conditioning agents**
Extra conditioner is not required.
- **Lubricates the sheepskin**
Enhances the lustre and feel of the wool fibre.
- **Effective in all temperatures**
Enables the laundering of medical sheepskins at regular and high temperatures.

DIRECTIONS FOR USE

SOAKING

Use 4ml per 1kg of dry weight, with machine filled at approximately half capacity. eg. 80ml of Woolsan for 20kg of dry weight in a 35kg machine.

WOOLLENS

Other articles: use 4ml per kg of machine capacity. eg. 140ml into a 35kg capacity machine.

For specific application information, consult your Campbell Cleantec Laundry Specialist.

PACKAGING

15 litre drum P/C 7656015
