

FACT SHEET

PURIFY

CHLORINATED CLEANER

DESCRIPTION

Alliance Purify is a cleaner/sanitiser designed to remove the toughest soils and grease in food processing areas. It may be mopped or foamed over floors and walls depending on the size of the area to be cleaned. Purify is also an excellent cleaner/sanitiser for commercial toilet and shower blocks. It is NOT recommended for cleaning soft metals such as aluminium.

Purify is a tan coloured liquid with a chlorine odour.

FEATURES AND BENEFITS

- **Concentrated formula**
Offers outstanding economy and reduces stock levels.
- **Cleans and sanitises in one action**
Reduces the number of chemicals on site and reduces cleaning time.
- **Fast cleaning action**
Soils are quickly removed and fats or grease emulsified to reduce cleaning time.
- **Colour coded, Numbered and Iconed**
Improves safety, handling and results.

DIRECTIONS FOR USE

Always wear safety glasses and rubber gloves when dispensing Purify.

FOOD PREPARATION AREAS :

Floors:

Dilute Purify into a bucket or through a water driven foaming gun at a dilution rate of 1:20 - 1:40 (500-250ml per 10L). Apply to the floor, allow to penetrate, scrub with a stiff broom then rinse well with clean water and allow to dry. Squeegee if pools of water

develop.

Benches: Dilute Purify at 1:40 - 1:60 in a bucket (250-170ml per 10L) or foaming trigger spray (10-15ml/600ml) and apply to food preparation benches. Wipe over with a cloth or cleaning pad, then rinse off with clean water.

Toilet and Shower Blocks: Dilute at 1:20 - 1:40 (30-15ml/600ml spray bottle). Apply to floors, walls, basins and cisterns to be cleaned and sanitised. Scrub and rinse off with clean water.

DO NOT MIX WITH ACIDS OR ANY OTHER CHEMICAL.
