

PRODUCT INFORMATION SHEET

CLEAR FRESH

Cleaner, Descaler & Deodoriser for Bathrooms & Toilets

FEATURES

- Clear Fresh contains a blend of detergents and natural organic acids. These dissolve hard water scale, soap scum and body fat in one easy operation. No hard scrubbing required.
- Clear Fresh now contains d-Limonene, the natural solvent made from orange peel. This helps dissolve body fat deposits, and combined with the mandarin fragrance leaves bathroom and toilet areas smelling clean and fresh.
- Clear Fresh is safe for the environment containing biodegradable detergents and acids.

HOW & WHERE TO USE

- In toilet bowls and urinals use neat, squirting under the rim and along the top edge and allowing to run down. Spread over surface with a brush, then leave to act for a few minutes before flushing. Do not add any bleach to the toilet bowl when Clear Fresh is present, otherwise chlorine gas may be liberated.
- To clean showers, baths, basins etc use a 1:20 solution (1 cup in 5 litres of water). Sponge over surfaces or use in a trigger spray at 1:10 (50 ml in a trigger spray, with nozzle to coarse spray). Leave to act for a few minutes, and then wipe or rinse off.

Do not use on marble or enamel baths as the surface may be attacked.

- For cleaning floors in bathroom and toilet areas use at a dilution of 1:50 ($\frac{1}{2}$ cup in 6 litres of water).
